Richard Bazan an award winning chef, centered his talent on the art of pastry making. From his early roots as a youngster in San Antonio, he discovered to achieve meant to do it on his own.

Richard focused on the artistry of the French, and built his talent to become strong enough to support his own bakery. In the fall of 1976 at the age of 21, he opened his first bakery called "Bazan's Bakery" in Austin, Texas. In the summer of 1985, Richard moved to Tyler and opened another with the name of "Chez Bazan". Originally located on Troup Highway in Tyler, he soon outgrew the location. He built the current location and again outgrew it. Richard expanded the building to its current capacity in 1994.

He worked feverishly to build his business to become the foremost bakery in the area. In the early spring of 1999 the work took its toll, and Richard.

Gracie and the kids, Claudia, Ralph and Anna were left to take the business to the next level. With their love of the art and the knowledge gleaned from working along side of their father, the bakery has flourished and continues to be recognized as Tyler's and East Texas' favorite stop to indulge in pastries, meals, and service.

"Chez", in French means "the home of." Therefore, upon entering Chez Bazan, you are in the home of the Bazan's.

Welcome to our home!
